Soviet Union Begins Packing Up Cuban Bombers for Shipment

REPORTER'S REFLECTIONS — State employees, most of whom are under civil service classification, who have been in the deep-freeze as far as pay hikes are concerned, seem destined to stay there.

The Illinois Budgetary Commission, meeting earlier this week, dashed any hopes these workers had of any early thaw of the 11 month old freeze on wages.

State Sen. Everett M. Peters, R-St. Joseph, chairman of the commission, reports all pay increases will be delayed until the state's financial picture is clarified.

Readers may recall that during the recent special session of the Illinois General Assembly, Council 34 of the American Federation of State, County and Municipal Workers and whose president is William Russell of Dixon, picketed sessions of the Assembly in protest to the wage freeze.

The only pay boosts okayed by the commission amounted to some \$15,000 for employees of the Legislative Reference Bureau. Peters said the increases were "modest" compared to other requests and involved only a few employees.

In spite of the wage freeze, Gov. Otto Kerner, some months back, ignored his own executive order in two major instances.

Union craftsmen who work for the state and who hold patronage jobs were given substantial increases and engineers and technicians of the State Highway Department were given pay hikes, generally less than those given the union workers.

Kerner's excuse for breaking the ice in the two instances was different.

In the case of the union craftsmen, the governor said the Prevailing Wage Law requires the state to meet wages paid under contracts granted unions for members who work in private industry.

Touchy ground? Ask most any member of boards of supervisors around the state and you will walk into a "homet's nest."

Can work for a governmental body be compared to work in private industry? This column is not sufficient to explore the implications of the question. But we would say if unions can dictate to the state what its members who work in state jobs will be paid, then soon private contractors will be doing all state work. This may not be bad but it will not help workers like the unions claim.

Kerner's reason for boosts to highway people is sounder. He said they were necessary to keep from losing employees.

Meanwhile, we believe the Budgetary Commission, one of whose members is C. K. (Chuck) Willett, R-Dixon, is right in keeping the lid closed.

We believe the pay scale for state jobs is badly out of line but the commission cannot correct the situation by handing out raises.

Gov. Kerner, in spite of what he says, has contributed to an imbalance which tells all, "We think those who work with things and those who build roads are more important than those who work with people."

The workers most grievously affected by the wage structure of the state are those who work for the Department of Mental Health, Psychiatric aides at Dixon State School whose beginning pay is about \$245 per month are an example. Yet these are the people to whom we entrust the care of the state's unfortunates.

WASHINGTON (AP)—The Soviet Union has started packing up its nuclear-capable jet bombers in Cuba and moving them to ports for shipment back to Russia, U.S. officials said today.

The first shipload is expected to move out soon. By agreement between Premier Khrushchev and President Kennedy this and subsequent ships will be subject to U.S. naval observation as were the 42 nuclear missiles removed earlier this month.

Second Phase

Withdrawal of the bombers will complete the second phase of Khrushchev's nuclear weapons retreat from the Caribbean, the removal of the big missiles having constituted the end of the first and most dangerous phase.

But top American officials foresee that remaining issues in the crisis may drag on unsettled for weeks or months.

A round of high-level talks here during the past two days appears to have served to sharpen rather than to soften the U.S.-Soviet disagreements over these remaining issues.

Soviet First Deputy Premier Anastas I. Mikoyan is flying home this weekend to report to Khrushchev on his conferences with Kennedy and with Secretary of State Dean Rusk—as well as his earlier sessions at Havana with Cuban Prime Minister Fidel Castro.

Determined

Information from American sources indicates that Mikoyan will have to tell Khrushchev that Kennedy is unshakably determined to maintain an aerial watch over Cuba indefinitely unless reliable ground inspection is provided. Castro, in his meetings with Mikoyan, flatly refused to permit such inspection.

From Kennedy's viewpoint the issue of verification, which was originally promised by Khrushchev at the height of the Cuban crisis, is the most critical of the remaining Cuban issues, particularly in view of persistent claims of anti-Castro refugees that Soviet nuclear weapons have been hidden among Cuba's many caves.

Irritant

At the same time it appears that from the Soviet viewpoint continued flights over Cuba by U.S. reconnaissance aircraft constitutes a difficult problem, and it is understood that Mikoyan told Kennedy that the Soviet considered the flights an irritant in American-Russian relations.

Mikoyan is understood to have pressed the President for agreement to issue without delay a formal non-invasion pledge which the Russians

Chlorine Gas Fells 100

CORNWALL, Ont. (AP)—A deadly fog of chlorine gas spreading from a leaky railroad tank car fell about 100 coughing, vomiting persons Friday night and for six hours threatened to force evacuation of a large part of Cornwall's 43,000 residents from the city.

Winds carried the pungent yellow gas away from Cornwall and officials early today declared the city out of immediate danger.

Thirty-five persons kept in hospitals were reported in satisfactory condition. The others were discharged after treatment.

Emergency teams evacuated 200 persons from the northeastern outskirts of Cornwall and sealed off the area.

Across from New York

Cornwall is across the St. Lawrence River from Massena, N. Y.

Railway workers discovered the gas leaking from the tanker at a siding. It was filled Friday at the Canadian Industrial Ltd. factory for shipment to Hull, Que.

Company officials said they believed a cylinder that carried liquid chlorine to the tank car had cracked.

The chlorine turned to gas as it came in contact with air.

Doctors described the gas as

similar to that used in World War I. In severe cases, it can cause asphyxiation, heart failure and blindness.

To Hospitals

The victims rushed to Cornwall's two hospitals were vomiting and coughing and had trouble breathing, doctors said. Several were placed in oxygen tents.

Ambulances arrived at the hospitals every few minutes as emergency staffs quickly assembled.

Among those overcome were a policeman and two ambulance attendants who drove into the stricken area.

The chlorine began to dissipate several hours after it stopped leaking from the cylinder.

Kennedy To View Rivals

PHILADELPHIA (AP)—With 11th hour settlement of a transit crisis safely behind it, the City of Brotherly Love rolled out its red carpet today for the year's most esteemed visitors—President Kennedy and the Army and Navy football teams.

For the President it was his first opportunity this year to see a football team in action with which he had at least a sentimental attachment. The former PT boat skipper had planned to watch his alma mater Harvard play Yale last Saturday, but canceled the trip because of inclement weather.

The presidential party was scheduled to leave by helicopter from the White House lawn at noon for the 45-minute flight to Mustin Field at the naval base here. A motorcade was to take him to Municipal Stadium.

After the game, the President planned to return by train to Washington, thence by helicopter to Glen Ora, his country estate at Middleburg, Va.

More than 100,000 persons were expected to turn out for this 63rd renewal of the Army-Navy classic. The forecast was for warm, balmy weather and plenty of sunshine.

Since Navy is the host team, it was arranged for Kennedy to spend the first half on the Middle side, then shift to the Army side during intermission.

25 Killed, 26 Survive In Wreck

NEW YORK (AP)—Investigators early today began probing the cause of the crash of an Eastern Air Lines DC7B while instrument-landing Friday night at fog-bound Idlewild Airport.

The flaming wreck took a toll of 25 lives, including that of the pilot, but almost miraculously 26 persons survived.

Several even walked away from the wreckage.

It was the sixth major plane crash within a week, with the previous five taking a combined toll of 181 lives.

A Federal Aviation Agency plane, carrying technicians and radar gear, took to the air to check the airport's instrument landing system, including radio beacons, for any signs of malfunction.

Lands Safely

Oscar Bakke, FAA eastern regional assistant administrator, noted that another Eastern Air Lines plane landed safely a minute or so ahead of the ill-fated aircraft.

When the plane crashed, there was terror-stricken confusion.

Survivors scrambled through emergency exits, crawling and running from the flames that engulfed the forward portion of the propeller-driven Eastern Air Lines DC7B, arriving from Charlotte, N.C.

Idlewild had been completely cov-

Survivors Tell of Escape

NEW YORK (AP)—There are more than a score of voices left to tell of the last moments—split seconds filled with flashes of fire, explosions and finally disintegration.

These are the graphic expressions used by some of the 26 survivors of Friday night's crash of an Eastern Air Lines four-engine plane at Idlewild Airport.

Twenty-five voices are stifled forever. They were among the 51 aboard the piston-propelled DC7B who lost their lives in the fog-shrouded crash.

Stewardess Helen Fournier of Forest Hills, Queens, was one of the survivors.

She said this of her experience: "The plane came down all of a sudden. It didn't stop. There was an orange flame. Immediately the plane filled with smoke."

Walter Mueller, of Floral Park, N. Y., said the craft "disintegrated into a huge ball of fire. In a split second flames were all over."

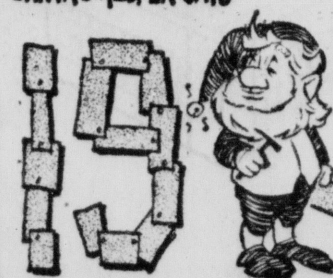

Donald Barbour, 36, of Cossack, N. Y., where he is manager of Special Heating Products, had praise for the pilot's unsuccessful attempts to raise the plane off the ground after it first touched.

He also praised the stewardesses, saying, "They were really terrific in helping the passengers. I think they did more than you could humanly expect them to."

M. V. Little of Huntington Station, N. Y., was asked if there was any panic in the plane following the crash.

"Hell yes," he replied. "Everyone was trying to get the hell out of there."

Withdrawal of Chinese Is Not Confirmed

NEW DELHI, India (AP)—Indian civilian administrators will take over territory vacated by Red Chinese troops, a government spokesman said today. But he did not confirm that the Communists actually had started pulling back along the misty Himalayan borders.

Peking announced the withdrawals,

as promised, were beginning. It said it expected the Indians to pull back and leave a 25-mile demilitarized strip or face a renewal of fighting.

An Indian army chief of staff flew over Chinese-occupied areas on the northeast frontier but was unable to determine if the Red troops were moving back. Other army officers peering through mountain mists reported it may take days to confirm the announced withdrawals.

Decline Statement

A Foreign Ministry spokesman declined to tell newsmen what Indian military forces intended to do about

the Chinese withdrawals. In one area, he said, Indian patrols had been ordered to go forward for the promised release of Indian prisoners by the Chinese.

As for the Ladakh area in the northwest, where the Chinese have made their greatest gains, "we are watching the situation," the spokesman said.

"India is watching, particularly in view of the fact that while the Chinese, in accordance with their announcement, are required to with-

Anniversary of Atom Age Sunday

CHICAGO (AP)—Thirty-two scientists who witnessed the birth of the atomic age gathered in Chicago today to commemorate the 20th anniversary of one of the century's most momentous events.

The scientists were members of the research team that under the leadership of the late Enrico Fermi designed and built the atomic pile where the first self-sustaining controlled nuclear chain reaction occurred.

The historic moment occurred at 3:25 p.m. Dec. 2, 1942.

Weekend of Events

The gathering today began a weekend of various commemorative events in Chicago, Washington, New York and elsewhere.

Among those attending the meeting in Chicago today was Enrico Fermi's widow. Fermi was an Italian immigrant who after World War II joined the staff of the University of Chicago's Institute of Nuclear Studies. He died in Chicago in 1954.

The atomic pile built by Fermi and his fellow scientists measured 30 by 32 feet and was 21 feet high. It was located under the west stands of Stagg Field, the long unused University of Chicago football stadium. It was composed of 52 tons of uranium and 472 tons of graphite,

In February 1943, the pile was torn down and reassembled in a forest preserve west of Chicago where it was used in research. That research later led to the atomic bomb.

Reunion

The reunion of the scientists began with a private reception on the University of Chicago campus within sight of the spot where the atomic pile once stood. The Stagg Field stands were torn down in 1957 and tennis courts now occupy the site.

Afterward, the scientists were guests of the university at a luncheon.

The only reminder of the historic event that took place in Chicago under the cloak of wartime secrecy is a bronze plaque on a wire fence enclosing the tennis courts.

The plaque at approximately the place where the pile once stood reads: "On December 2, 1942, man achieved here the first self-sustaining chain reaction and thereby initiated the controlled release of nuclear energy."

Dixon High Students Fix Toys

Students in two metal working classes at Dixon High School have received broken toys from the Dixon Fire Department which they will repair and return to the Department.

These are the toys which firemen collect and turn over to the Goodfellow for distribution to the community's needy children at Christmas.

This is the fourteenth year DHS classes have undertaken this repair project. Russell Hayes, DHS instructor says each year the boys themselves have voted to do the repair work.

The good work of these students of metal working classes over the years has not gone unnoticed.

In the current issue of "School Shop," a magazine with nationwide distribution to vocational education teachers, there is an article "Christmas Spirit and Industrial Arts," which tells about the DHS program.

The text of the article is printed below:

"An excellent way to attract attention to your industrial-arts program and at the same time make a contribution to your community is to involve your industrial-arts students in toy-repair programs that community organizations sponsor during the Christmas season. Here is how the metalworking students at Dixon High School participate with the Goodfellow and local firemen in a toy-repair program in that city.

"The Goodfellow handles the matter of collecting toys from citizens and, after the toys are repaired, distribute

Dixon Fire Chief Turns 'Firebug'

The Dixon City Fire Department Friday was called upon to do the impossible—put out a fire that was out before the department was called. Upon investigation, firemen found the grass fire in the 1000 block of Division Street was set by a "firebug."

Further investigation revealed the name of the guilty party, Dixon Fire Chief Gail Keyser. The Chief merely forgot to tell members of the department he was going to burn the grass in the area.

Erva Moody Circle Has Oregon Meet

POLO—The Erva Moody Circle of the ULCW of St. Mark's Lutheran Church met Wednesday evening at the home of Mrs. Kenneth Obendorf, with Mrs. Richard Hose as co-hostesses. Twenty-six were in attendance.

The hostesses conducted the devotional period.

The program was given by Mrs. Kenneth Dippel who also showed a film on Illinois Lutheran Welfare.

It was decided that rather than having a 50 cent gift exchange, that each member contribute 50 cents which would be sent to the Lutheran Welfare Home, Chicago to buy gifts for the children in the Home. This will be the third year that the close has made such a contribution.

An election of officers followed, Mrs. Kenneth Obendorf, president; Mrs. Kenneth Dippel, vice chairman; Mrs. Marion Maxey, secretary-treasurer; Mrs. Willard Meyer, education chairman; Mrs. Richard Hose, Christian service chairman; Mrs. Ed. Olsen, membership chairman; Mrs. Wesley Immel, thank-offering chairman.

Following the meeting, a surprise baby shower honored Mrs. Allan Juenger. She received many lovely gifts. Members sending gifts but unable to be present were Mrs. Gene Kyker, Mrs. James Gribbins, Mrs. Wilford Ambeau and Mrs. Lavern Berdardin.

The hostesses served refreshments.

Circle Holds Meet in Amboy on Wednesday

AMBOY—Circle One of the ALCW of the Immanuel Lutheran Church held a regular meeting in the home of Mrs. Larry Martens Wednesday evening.

Mrs. Robert Hannemann presented the lesson, "Christ Sustains His Witnesses", using the story of Steven. Roll call was answered with a quotation from the catechism.

Mrs. Martens announced the cause for the month is stewardship and the mission of the month is Hong Kong. She also told of a cyclorama which will be presented in the Immanuel Lutheran Church, Rock Falls, on Dec. 4, 5. This will be a variety of Christmas ideas for decorations. Visitors are welcome to attend.

Brief reports were given by Mrs. Bruce Klausen, Mrs. Martens, Mrs. Louis Grasser, Mrs. Glen Hansen, and Mrs. Hannemann on a district

meeting which they attended last month. Advent booklets to be used as daily reading in the home during Advent were distributed.

Plans were made for the annual Christmas party which will be held on Sunday evening, Dec. 16 at 6:30, in the home of Mr. and Mrs. Bruce Klausen. This will be a couples party and there will be a fifty cent gift exchange.

Mrs. Ken Smith gave a Thank Offering prayer for the offertory. Members decided to have a cookie

exchange at the church on Dec. 15. Each member to bring cookies to exchange.

Mr. and Mrs. Tom Powers, San Antonio, Texas, are spending a weeks vacation visiting with his mother, Mrs. William Powers and also with her family at Bloomington.

Mikoyan Visits U.S. Supermart

ROCKVILLE, Md. (AP)—The Soviet Union's super traveling salesman, Anastas I. Mikoyan, went shopping Friday to check on his competition's latest tricks.

For an hour he prowled a huge, glittering new supermarket in this Washington suburb. He pinched pack-ages, eyed slabs of meat, shook hands with clerks and shoppers and patted children's heads.

But he bought nothing.

The Russian expert on interna-tional trade bustled about his mission—to look over the latest capitalist techniques in preparing and dispens-ing food and the hundreds of other items in the American housewives' marketplace.

Little escaped Mikoyan's attention. He moved from an automatic car wash outside to the vast meat counter, looking, questioning and getting his answers through his in-terpreter and guide—Madame Ana-toly Dobrynin, wife of the Soviet ambassador.

An automatic dollar-bill changer caught his eye, and he stood with hands jammed in his pockets while a lady shopper provided a dollar to demonstrate how the machine worked.

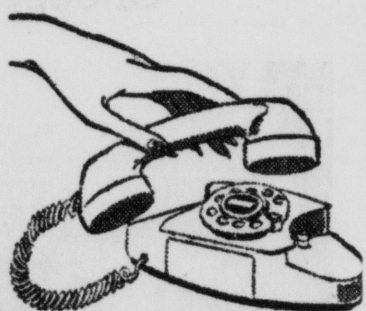

Mikoyan lingered longest in the meat cutting and packaging pro-duction line, even poking his head into the freezer compartment.

Mikoyan, who's been conferring with President Kennedy and other U.S. officials, starts for home today.

Dottie Dixon's Diary

Ronald Sholders, a former Dixon resident now studying at the Florida Institute of Medical Technology, has been awarded the Mechanix Illustrated Golden Hammer award for his handmade reproduction of a der-ringer, pictured above.

Sholders made the entire weapon—frame, barrels, hammer, screws, and ammo, by hand of case-hardened metal and chromed the entire sur-face. The handles were carved by hand from Philippine seashell. The weapon uses hand-made four milli-meter ammunition.

The award to Sholders is listed in the current issue of the magazine. Sholders was formerly employed in Dixon by the Northern Illinois Gas Company and was a member of the Dixon National Guard and he and Mrs. Sholders, the former Ellen Rorer, daughter of Mr. and Mrs. Har-old Rorer, Dixon, are presently re-siding at 2912 Douglas Rd., Apt. 2, Coral Gables 34, Fla.

Sholders is the son of Mr. and Mrs. N. H. Sholders of Dixon.

Army Specialist Four Hubert E. Chaffin, Dixon, recently participated with other members of the 163rd Medical Battalion in Exercise Tri-color Team, a NATO operation in Luxembourg.

The exercise was designed to test American, French, Luxembourg and German medical units in their ability to work together from the viewpoint of command and control, communi-cations, and evacuation capabilities.

Specialist Chaffin is regularly as-signed as a clerk in the battalion's headquarters in Baumholder. He en-tered the Army in December 1959, completed basic training at Fort Riley, Kan., and arrived overseas last May.

Chaffin, 21, whose parents, Mr. and Mrs. Robert E. O'Bryant, live at 83 Logan Ave., is a 1959 graduate of Dixon High School.

A former Dixon resident, Leo Boyle, and Mrs. Boyle, 1011 N. Broadway, Joliet, announce the birth of a daughter, Janice, born Nov. 27.

The Mary 4-H Club held their achievement night meeting Tuesday, with presentation of awards by Mrs. Varga, club leader.

Carol Chamberlain gave a demon-stration and Pam Nagy gave a talk.

Ogle CROP Campaign Is Started

OREGON—The Ogle county CROP campaign was kicked off Nov. 27 with all systems "Go".

CROP board officers leading the program in their respective commu-nities are: Orin Graff, chairman, Forre-ton; Carl Hill, vice-chairman, Rochelle; Dale Blough, secretary, Polo; Ralph Wilson, Egan, area chairmen for the Mt. Morris-Leaf River section; Paul Hoffman, Byron, and John Sanvik, Davis Junction, co-chairmen for the Byron-Stillman Val-ley-Davis Junction area; Robert Stouffer, Kings, leading the Monroe Center-Lindenwood drive, and Glen Canfield, chairman for the Chana area.

Shellers were set up at central lo-cations in each of the areas under the direction of the various chair-men. Canvassers brought the corn for shelling and loading Nov. 27.

The Byron-Stillman-Davis Junction area has set no definite date for their drive.

Several team captains in each area mapped out the land so the canvass-ers were able to call at every farm in the county. Harry Oaks, com-munity chairman, helped locate freight cars to transport the shelled corn to A. E. Staley Co. for con-VERSION to corn oil and syrup.

Last year CROP contributions in Ogle county topped the state with the equivalent of 9,000 bushels of corn. This year's goal is set at 10,000 bushels by the Ogle CROP board.

Shellers and elevators for loading the grain cars were contributed as well as the services of the canvass-ers and leaders. Many farmers have brought their own contribution to the sheller.

Last year eleven Ogle county farm-ers responded with gifts of 40 to 100 bushels qualifying as "friendship acre donors". The average contribution

Dead Pilot Is Found

EARLVILLE, Ill. (AP)—The body of Warren E. Davis, 29, of Portage, Ind., was found Friday by a party of hunters near the wreckage of Davis' twin-engine airplane in a heavily wooded section of central Illinois.

Davis had been missing since he took off from Gary Municipal Air-port Tuesday on a business trip to Tulsa, Okla. Davis was manager of the Jones Trucking Co. of Gary.

How to travel in luxury without really flying

The new '63 Chevrolet has captured the silence and effortless ease of jet flight and translated it to highway travel. Every new Chevrolet, whether it's a luxury Impala, a low-priced Bel Air or a Biscayne, now has self-adjusting brakes, a Delcotron generator to extend bat-tery life, and the ingenious new flush-and-dry system that takes air and rain water from the cowl and rinses corrosive elements out of the

rocker panels where rust usually begins. A test drive will amaze you. The suspension, with coil springs at all four wheels, treats back roads, car tracks, gravel as though they were billiard-table smooth. The engine whisks you away from traffic lights or steps safely out to pass slower cars without once intruding on your privacy. When you're driving a Chevrolet, you don't take a back seat to anyone!

Pope John Further Improves

VATICAN CITY (AP) — Vatican authorities today announced further improvement in the condition of Pope John XXIII and said no surgery was in prospect.

An informal statement, read to newsmen at the Vatican press office, ruled out surgery. It was issued after the Pope's doctors included a leading Italian surgeon in their consultations.

He visited the 81-year-old Roman Catholic ruler Thursday night and again Friday night.

The pontiff's personal physician, Prof. Antonio Gasbarrini, returned to the Pope's bedside earlier today to keep close watch on him.

Gasbarrini, who lives in Bologna, had planned to return there this weekend but postponed his departure. His decision to remain here indicated continued concern about the pontiff's health.

Pope John is suffering from a stomach disorder, believed to be an ulcer, and what the Vatican has called rather intense anemia. He also has a prostate condition.

Dr. Gasbarrini said Friday, however, that the prostate was not cancerous and denied there were plans to operate.

The Pope became ill Tuesday and canceled an audience on short notice. Since then he has been confined to his apartment on the fourth floor of the Apostolic Palace.

With the nature of design, and the materials used in toys today, there are many needed repairs that require more than a few simple hand tools. At Dixon, shop students do the welding and other major mechanical repairs and the firemen do the painting and other finishing operations. The school board lends a hand by paying for electricity, welding gases, nuts and bolts, and other supplies. The students contribute their time and talents, working before and after school and during free periods.

Building Named for GM Officer

NELSON C. DEZENDORF

MT. CARROLL — Shimer College president, F. J. Mullin, announced today that the College's new women's residence will be named Dezendorf Hall in honor of Nelson C. Dezendorf, vice president of the General Motors Corporation, Detroit, Mich. Dedication of the new building will be held Thursday.

Dezendorf, who will be on campus for the dedication, received an honorary Doctor of Laws degree from Shimer in 1960 and currently serves on the College Board of Trustees. The building named in his honor was completed this fall and has been in use since school opened in September.

Dedication of the building will take place at the residence hall at 5:15 p.m. Thursday, and Mr. Dezendorf will speak to the student body at 7:30 p.m. in Metcalf Auditorium. His address is entitled "Business Can Be Exciting Too."

1,115 Deer Killed

SPRINGFIELD, Ill. (AP) — The State Conservation Department has announced that a total of 1,115 deer were killed by late afternoon of the opening day of the shotgun season. The largest deer bagged Friday were a 260-pound buck in Pike County and a 250-pound buck in Knox County.

Appointed Senator

SANTA FE, N. M. (AP) — Edwin L. Mechem is New Mexico's first Republican senator in 27 years. Mechem resigned as governor Friday and was appointed to the Senate by Lt. Gov. Tom Bolack who, in turn, became governor.

Both will serve interim terms.

Late Sports

NEW YORK (AP) — The 1963 All-Star baseball game has been switched to Cleveland from Minneapolis-St. Paul, commissioner Ford Frick announced today.

The game will be played, Tuesday, July 9.

Deaths and Funerals

Mrs. LeRoy Gaul

Mrs. LeRoy (Irene) Gaul, 77, 306 Hand Ave., died Friday in KSB Hospital after a long illness.

She was born the daughter of Elwood and Amanda Scanlan Osborn Feb. 16, 1885 at Dixon. She was united in marriage to LeRoy Gaul Nov. 4, 1909, in St. Louis, Mo.

Mrs. Gaul was a member of the Bethel United Evangelical Church in Dixon.

Survivors include her husband; a son Theodore, Dixon; a sister Mrs. Carrie Whisman, Brooklyn, Mich.; a brother, Wesley Osborn, St. Louis, Mo.; four grandchildren and four great-grandchildren.

She was preceded in death by her parents and three brothers.

Funeral services will be held Monday at 2 p.m. in the Bethel Church, with the Rev. Richard Osberg and Rev. George Ralph, officiating. Burial will be in Chapel Hill Cemetery. Friends may call in the Chapel Hill Funeral Home beginning at 7 p.m. Saturday until 10 a.m. Monday at which time the body will be removed to the church where friends may call after 11 a.m.

A memorial fund has been established in her name at the Bethel Church in Dixon.

As for the movement of civilians into the vacated areas, the spokesman said this will be carried out depending upon the situation as it develops.

He refused to elaborate. "This is the maximum information we can give you at this time," he told newsmen.

Peking Says

A Peking Defense Ministry statement said the Chinese were moving back 12½ miles behind what Peking calls the line of control of Nov. 7, 1959. The broadcast statement called on India to "promptly take corresponding measures." India has been insisting on a Chinese pullback to their Sept. 8, 1962 positions as a basis for negotiations.

The soldiers of the two countries have been in visible contact at only a few places on the northeastern front since the Chinese proclaimed a cease-fire Nov. 22 and promised a troop withdrawal Dec. 1.

The Indian army continued to beef up its forces. Troops and equipment kept flowing to areas near the front. Trenches were dug Friday near all public buildings in Tezpur.

Snarl Smoothed Out

A snarl in the Indian-Pakistani agreement to begin talks on Kashmir was apparently smoothed out. Nehru issued a statement that "there has never been any question of preconditions or of any restriction on the scope" of the talks. A Pakistani Cabinet member said the statement cleared the air after a stormy reaction in Pakistan to a previous Nehru statement to Parliament that it would be "very harmful" to upset the present situation in Kashmir.

red by fog earlier in the evening and Capt. Edward J. Bechtold, a veteran frequently used as an expert cross-examiner in government inquiries into crashes, told the passengers he might try to land at Philadelphia.

On instrument control, the big airliner started descending from the eastern side of the busy airport on Long Island, the side toward Queens, Brooklyn and Manhattan.

"We could see the lights as we came down," said Helen Fournier, 21, of Forest Hills, Queens, one of the two stewardesses on Eastern's Flight 512. Both survived.

"Then we came down with a bang," she continued. "It was kind of quick. It seemed that the pilot was increasing the power, but we didn't get anywhere. Then there was a sort of flash. There was no explosion, though."

Desperate Effort

Several passengers recalled what seemed to be a desperate effort by Bechtold to get the lumbering aircraft back into the air.

Hurling across a reed-filled marsh, 200 yards west of the runway, scattering debris for 300 yards, the aircraft smashed to a halt and burst into flames.

It split open down the back. Seats were tossed into the foggy darkness, some with bodies still strapped into place for landing.

Passengers leaped and tumbled through the openings, driven by the flames and fear.

Ambulances, guided by men on foot, crept toward the scene. Elsewhere in the fog blanket on Idlewild, five airliners were "lost," holding their positions on the ground, awaiting police cars to guide them to some haven.

Staffs at three hospitals mobilized to handle the injured, and two doctors from Peninsula General Hospital went to the airfield.

"There were 25 bodies, including one child," said Dr. Oswald Moran. "I counted them. It was terrible. All of them were burned."

First Since 1960

The crash was Eastern's first since an Electra turbojet plunged into Boston harbor shortly after taking off Oct. 6, 1960, killing 62 persons.

Idlewild's last crash occurred just nine months ago, on March 1. An American Airlines transcontinental jet climbing from the runway faltered and dived into Jamaica Bay, carrying all 95 persons aboard to their deaths.

In Washington, the FBI said it was sending a squad of specialists to New York to help identify the dead. This aid was requested by the New York police and the air line, an FBI spokesman said.

NFO to Meet

A meeting of the National Farmers Organization, in advance of the NFO convention to be held in Des Moines, Iowa, will be held in Joliet Thursday in Joliet High School.

The Des Moines convention was to meet Dec. 6 and 7, but the dates have been changed to Dec. 12 and 13.

U Thant Begins New Term

UNITED NATIONS, N. Y. (AP) — U Thant embarked today on a four-year term as secretary-general of the United Nations in a considerably stronger position than he had as the stop-gap replacement for the late Dag Hammarskjold.

The Burmese diplomat was elected unanimously Friday to the post by the General Assembly after the Budgetary Committee had recommended an increase in his pay and allowances to \$70,000 a year.

His election was one positive result of the Cuban crisis from which he emerged with the plaudits of both the United States and the Soviet bloc.

Delegates noted with satisfaction that he was elected unhampered by any Soviet attempt to tie his hands as they did when he was named the acting U.N. chief a year ago.

Thant, a slender, dark 55-year-old former schoolteacher and journalist, in his acceptance speech made clear he does not intend to be coerced from any source.

He said he hoped he could play a role "however humble" in bridging the gap between the big powers and warned that "we live in an imperfect world, and have to accept imperfect solutions."

He stressed that "when the future of mankind itself is at stake, no country or interest group can afford to take a rigid stand, or claim that its position is the only right one, and that others must take or leave it."

December Arrives Quietly

By The Associated Press

December eased in quietly today with most of the nation enjoying pleasant weather in the wake of record-setting warm temperatures.

Most of the East Coast lay under a heavy mixture of fog and smoke, while isolated portions of the West were hit with snow.

But generally December took up where November left off—warm weather with some snow and rain, and lacking the usual vehemence of oncoming winter.

The fog that coated most of the East was blamed for the crash of a four-engine Eastern Air Lines DC7B Friday night that killed 25 of the 51 persons aboard as the plane neared New York's Idlewild Airport.

Doyle Urban, research meteorologist for Taft Sanitary Center in Cincinnati, Ohio, said conditions have been right for the overcast since Wednesday. He said a high pressure area settled over the area, then moved westward, packing down dust over Eastern cities that usually is swept out to sea.

Urban said the fog condition probably would clear up by Sunday.

Rough seas continued to batter the northeastern Florida coast, where warnings for gale force winds remained in force from St. Augustine north to Savannah, Ga.

City, county and state work crews battled to halt beach erosion, which has caused an estimated \$500,000 damage in the Jacksonville area.

Bulldozers pushed soil and broken cinder blocks into cavities on the city's seawall.

Unseasonably warm temperatures Friday broke records for Nov. 30 in several spots.

A 66 in Chicago shattered the record for that date and 59s recorded in Rochester, Minn., and Milwaukee erased records. Another record was set in Green Bay, Wis., when 56 warm degrees ended November.

Dixon Odd Fellows Lodge will hold an election of officers at the regular meeting to be held Tuesday at 8 p.m. in the IOOF Hall.

new motions. Fry was accused of failing to turn over \$22,275 in fines to the county while in his position of justice of the peace.

The defendant testified that he lost most of the money in horse race betting and turned to gambling in an attempt to make up his losses.

Fry faces a possible maximum sentence of one to 15 years in prison.

SHRINKING DOLLAR — Everybody talks about the "shrinking dollar" but Mrs. C. G. Laseter of Atlanta, Ga., has proof that dollar bills, at least one she owns, aren't what they used to be. She holds a standard-size dollar bill behind the dwarfed bill she received in change to show the more-than-an-inch difference in length. The Federal Reserve Bank says the bill is real, but offered no explanation for its smaller dimension. (NEA Telephoto)

'Stronghold' Bought by Church Assn.

The Presbyterian Camping Assn. of Northern Illinois, Incorporated, Thursday exercised its option to buy the Walter A. Strong Estate, located on Rt. 2 north of Oregon.

The purchase price disclosed by Rev. Malcolm Ludy, president of the association, was \$175,000, which will be paid over a five year period.

The estate, commonly referred to as the "Stronghold", will be used for retreats, camping and meetings by Northern Illinois Presbyteries as far south as Macomb, excluding the Chicago area.

Possession date is March 1, 1963 and the Rev. Ludy, pastor of the First Presbyterian Church, Dixon, expects that the facilities, although not fully developed, will be used this spring.

Freeport, Monmouth, Ottawa and Peoria Presbyteries are purchasing the property. To date, \$38,000 of the purchase price has been collected.

Lecture Series to Begin Here

Christ and World Need will be the topic of a series of lectures to be held Sunday through Friday at the Grace Evangelical United Brethren Church, 921 E. Chamberlin St.

The lecture series, sponsored by the Lee County Ministerial Assn., is conducted by Charles A. Wells, a journalist, editor and illustrator.

Well is not an evangelist, nor are his meetings revival meetings in the usual sense. Wells' work has been termed "something different that has hit the churches, universities and colleges of this country," by the Associated Press. "He is not an evangelist," continues the AP report, "but hundreds of educational institutions and church communities experience renewed religious interest following his challenging spiritual appeal."

"There are things Wells say that people don't always like, but he makes them think," the AP report concludes.

Hansen-Burke Vows Are Spoken

OREGON—Miss Jean Lorene Hanson, daughter of Mr. and Mrs. William Hansen, rural Oregon, and Lt. Lawrence H. Burke, son of Mrs. Lawrence E. Burke, Sterling, were married Nov. 17 in a morning service performed in St. Mary's Catholic Church, Sterling, by the Rev. Fr. Phillip E. O'Neil.

Altar vases held bouquets of white chrysanthemums for the double-ring ceremony, and Mrs. Henry J. Poston sang "Blessed Be This Day" accompanied by Mrs. Robert M. Fecht, organist.

Bridal Gown

The bride's gown of white peau de soie and re-embroidered lace was designed with a detachable overskirt forming a court train and worn over the gown's floor length sheath skirt. Pearl embroidered lace appliques outlined the scooped neckline, and her bouffant veil was held by a pearl-trimmed bridal rose headpiece fashioned of peau de soie. White Fuji chrysanthemums were used in her cascading bouquet.

As the bride's matron of honor, Mrs. Claire Conley, Walnut, wore a frock of periwinkle lavender satin styled with a bell skirt and her flowers were lavender tipped Fuji chrysanthemums. Mrs. Loretta Hansen, Oregon, sister-in-law of the bride; Miss Bonnie Wiseman, Sterling, and Miss Joyce Schier, Mt. Morris, as attendants, wore costumes identical to the one worn by Mrs. Conley.

Mr. Hansen presented his daughter in marriage, and Thomas Ryan, Cherry Valley, Mass., was Lt. Burke's best man. Henry and William Kobbenan, Rock Falls, and Larry Johnson, Urbana, acted as groomsmen and ushering was done by Robert Hansen, Oregon, brother of the bride, and Eldon Conley, Walnut. Debbie and Bobbie Hansen, Oregon, the bride's niece and nephew, served as flower girl and ringbearer for the ceremony.

A white rose corsage was pinned to the two-piece jersey costume worn by Mrs. Hansen with black accessories, and a similar corsage was worn by the bridegroom's mother with her blue wool dress.

Reception

Miss Kathy Jo Noon registered the 250 guests attending a reception in Sterling's YWCA building and arranged by the housemother, Mrs. Bertha Brewer. A periwinkle lavender cloth and an overlay of white net covered the reception table, and the lavender and white tiered cake centering the table was served by Mrs. Fred Busker, Freeport. Coffee and punch were poured by Miss Mary Jane Wolf and Miss Treva Buzzard, Sterling, and at the gift table were Mrs. Myron Scholl, Polo, and Mrs. Margaret Nardini, Sterling.

A lavender orchid was worn by the new bride with a lavender print dress for their honeymoon. She is a graduate of Oregon Community High School and the Sterling School of Beauty Culture, where she has been employed as an instructor. Lt. Burke attended St. Ambrose College, Davenport, Iowa, following his graduation from Newman Central Catholic High School, Sterling, and they are residing in Rancho Cordova, Calif., near Mather Air Force Base where he is stationed.

Attending their wedding were guests from Freeport, Chicago, Sheffield, Rock Island, Walnut, Mt. Morris, Polo and from Davenport, Iowa.

Shrine Bazaar Is Planned By Officers

Officers of Corinthian Shrine No. 40, Order of the White Shrine of Jerusalem, met Tuesday evening in the Masonic Temple to complete plans for the Shrine's annual bazaar and dinner to be held Dec. 8 in the temple.

Mrs. Flo Stitzel, Worthy High Priestess of the Shrine and general chairman of the event, announced the bazaar will open at 4 p.m. and dinner will be served from 5 to 8 p.m.

Mrs. Emma Scheible will head the dinner committee; Mrs. Mabel Beers is dining room chairman, and Mrs. Leona Spencer is ticket and publicity chairman. Mrs. Anna Moats and Mrs. Lucille Peacock are planning a booth displaying handmade aprons; Mrs. Bertha Holverson and Mrs. Helen Pool are chairmen of the candy booth; Mrs. Florence Bastian and Mrs. Mary Bruce will arrange a "white elephant" booth, and the sale of perfume and Christmas cards will be conducted by Mrs. Elean Greene. Advance tickets may be obtained from Mrs. Spencer or Miss Frances Patrick or may be purchased at the temple the evening of the bazaar.

If you have fruit sherbert in your freezer, it will make a festive first course for Sunday dinner. After spooning cut-up fresh fruit into sherbert glasses, add a small scoop of the sherbert to each. Fresh mint, if it's available, makes a pretty garnish.

Monday's Talk by Mr. Layman Is Arranged by AAUW Branch

Richard Layman, field consultant for the Illinois Commission on Children with headquarters in Springfield, spoke on the formation and aims of the commission at Monday night's meeting of the Dixon AAUW branch at the Dixon State School.

The commission, founded in 1950 following the White House Conference on Youth and representing all private, volunteer and public agencies, receives no state appropriations. A committee, appointed after the 1960 White House Conference, issued a report in September on a comprehensive family and child welfare program for Illinois which is to be studied during the next session of the Illinois General Assembly.

Six recommendations included in the committee's report are: the creation of a state administered department of family and children's services to provide family counseling, homemaker advice, protective services, day care for children, child placement and services to unmarried mothers; agency services to be made available to all children regardless of the veteran's status of their parents; the development of a formula for the tax-supported agency to purchase care and services rather than the flat grant now used; modernization of the family court; re-organization of regional tax-supported services to be more uniform in geographic coverage, and authorization of the agency to require payment for services from parents and legally responsible relatives according to their ability to pay.

A question and answer session followed the informative discussion by Mr. Layman who was introduced by Miss Harriet Wiltberger.

Mrs. Anne B. Hogan, president of the Dixon AAUW, presided during the meeting and Miss Beth Stuck, hostess chairman, was assisted by Mrs. H. A. Lazier, Mrs. Eugene Gordon, Mrs. Harold Wendler and Mrs. Wilbur Fuls.

Announcements included the cancellation of the book review group's

December meeting, and plans were made for the annual AAUW Christmas Tea to be held at 2:30 p.m. Dec. 9 in the home of Mrs. H. C. Warner, 321 E. Everett St.

Mrs. Wilhelm Is Hostess to Club Members

Wa-tan-ye Service Club members were Wednesday night guests of Mrs. Roy Wilhelm, Mrs. Ivie Willestad, Mrs. Carol Joyce and Miss Ethel Crawford at a 6:30 p.m. dinner in the home of Mrs. Wilhelm.

A business meeting conducted by Mrs. Olive Reed, president, included reports on the club's participation in the Diabetic Detection Clinic sponsored by the Lee County Health Department, and the Sabin polio immunization program being conducted in Lee County with the administration of the second phase scheduled for Dec. 9 at Dixon High School.

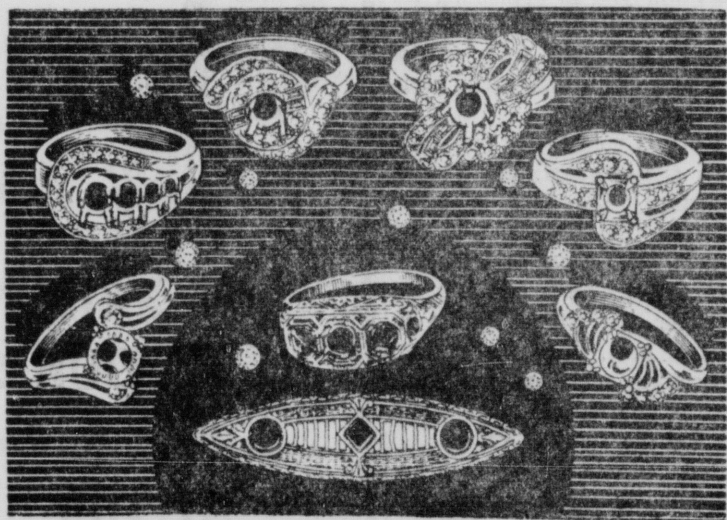

Plans for the club's annual Christmas party to be held from 5 to 8 p.m. Dec. 9 in the Nachusa House, are being completed by Mrs. Dorothy Sawyer and members of her committee.

Wed in November Ceremony

St. Patrick's Catholic Church was the scene of the Nov. 17 wedding of Miss Mary Lowery and William E. Love, Dixon, performed by the Rev. Fr. William Boland.

Arrangements of white chrysanthemums and blue tinted carnations decorated the church and the altar of the Blessed Virgin for the morning ceremony, and musicians for the Nuptial High Mass were Miss Maurine Doyle, organist, who accompanied Paul Crabtree Jr., as he sang "Ave Maria," "Panis Angelicus" and "Memorare."

Long white gloves and a corsage of white roses complimented the powder blue brocade dress worn by the bride with a matching blue hat for the ceremony. Her attendant, Mrs. John A. Curtin, Arlington Heights, also wore a blue frock with a bandeau of pink buds and a corsage of white carnations and pink rosebuds. The bridegroom was attended by his son, William D. Love.

A breakfast for 30 guests, including members of the bridal party, Monsignor Thomas Green, the Rev. Fr. Sylvester Eye and the Rev. Fr. John Reagan who attended the service, was served following the wedding in the Knights of Columbus Hall. The hall was also the setting for an afternoon reception attended by 200 guests who were registered by Mrs. Vernon Cleary. Wedding cake was served by Mrs. William D. Love, and presiding at the coffee service and punch bowl were Mrs. Kenneth Love, Mrs. Thomas Love and Miss Cynthia Curtin. Mrs. Margaret Nix acted as hostess for the reception and Mrs. John McLennon was in charge of gifts.

For their wedding trip to Louisville, Ky., the new Mrs. Love wore a gold and beige checked wool dress with gold velvet trim. A graduate of St. Mary's School and Dixon High School, she is a member of the Legion of Mary and was formerly employed as senior supervisor by the Dixon Home Telephone Company. Mr. Love attended the Pearl City and Lena schools and is an inspector for the Northwestern Steel and Wire Company, Sterling. They are residing at 715 Peoria Ave., Dixon.

Registered at their reception were guests from Dixon, Rockford, Sterling, Aurora, Arlington Heights, Glen Ellyn, Cicero, Rock Falls, Harmon, Polo, Franklin Grove, Mt. Morris, Oregon, Amboy and from Louisville, Ky.

Less Than Perfect

One of the more insidious dangers of the cold war is that our competition with the Communist system may cause us to be so concerned with pointing at the ideological moles in Russian eyes that we neglect the beams in our own.

Americans naturally are shocked when death penalties are given Russian citizens caught in black market operations or speculating with state funds. We forget—perhaps because there seems to be nothing we can do about it—that embezzling is a frighteningly widespread crime in America.

This is not merely the occasional headline-making scandal involving a respected Wall Street broker or trusted small-town banker. It is also the everyday petty theft by office and store employees and it is estimated to run into annual amounts far exceeding the total of all the sensational cases.

Though detected offenders are punished, business too often helplessly tends to write it off as part of the overhead.

In a less personal field, Americans are smiling with satisfaction at the news that the Communists are on the point of slipping in a bit of capitalistic incentive to spur their lagging industrial output.

It is pleasing to our ears to hear Khrushchev tell the party Central Committee, as he did recently, that Russia cannot meet new problems with old clichés but must be able "to learn from the capitalists" and to imitate their methods when they can benefit Russia.

We should not let ourselves think, however, that the war has been won and that our system has been vindicated. For a flexible, adaptable opponent is more dangerous than a rigid, uncompromising one fanatically dedicated to proving that the Marxist way is the only way. Communism poses a threat to our way of life, but the threat should not bind us to the fact that we, too, have our ideological clichés, that we have not arrived at perfection, that we have serious unsolved problems like unemployment and recessions—that our system must be exploring, evolving, progressive, in order to survive.

Last June, speaking at Yale, President Kennedy warned that we must be ever prepared to re-examine our ideas and abandon them if they are no longer valid for today. He appealed for a dialogue between business and government, a putting aside of the traditional view that each is the enemy of the other and a joint exploration of things that can be done to maintain and increase the economic vigor of the nation.

The reception to his speech, in terms of action, was something less than enthusiastic. That, rightly or wrongly, was our inalienable right as Americans.

We should all bear in mind, however, that there is an implacable rival ready to take advantage of any weaknesses we display, not just militarily, but economically and morally. It is not his faults but our own that we should be most concerned about.

Sidewalk Observations Of a Pavement Plato

By HAL BOYLE

NEW YORK (AP)—Sidewalk observations by a Pavement Plato:

The two most widespread ailments among mankind are tooth decay and the common cold.

But the most prevalent disease among American middle-aged men today is a comparatively new one known as "pensionitis."

Tooth decay can be treated and the patient with a common cold can at least be made comfortable while his malady runs its course. But so far there doesn't seem much that can be done for a person in the throes of pensionitis.

Pensionitis is characterized by an acute delusion that life is better without work. The victim babbles endlessly about how much greener the pastures will be when he is 65, gives up his job, and no one will tell him what he has to do. Usually he also makes wild and impossible plans about how he is going to enjoy his final freedom. The disease is mildly noticeable in

men of 35, deepens in intensity in those over 40, and in men past 50 or 55 often becomes a kind of frenzy.

However, in recent years pensionitis has spread rapidly among younger segments of the population. Personnel directors report more and more young college graduates are as interested in the company's pension program as in its opportunities for executive advancement.

Except among the rock 'n' roll set—no one really can understand what they talk about, or cares—pensions are by far the most popular conversational topic anywhere in the land. Yes, far more popular than old standbys like baseball, politics, the weather—and whether the man next door beats his wife.

If you doubt this, the next time you go to a cocktail party step to the center of the room and announce in a loud, clear voice:

"My company has just put in a whopping new pension program and, boy, is it a good one!"

You will find this is a far better way to become the life of a party than had you merely stood on your head or sat down to the piano and riddled through a Mozart concerto. Everyone will flock up to hear your good news.

The present preoccupation with pensions is a rather sad reflection of something basically wrong with our times.

Man has always yearned for security in an insecure world, and for too long he feared old age because for many it meant making the lonely journey over the hill to the poorhouse, or being dependent on the charity of his children.

Social Security and the spread of pension programs throughout our economic system are doing much to wipe out that fear and to give the elderly financial independence.

But the trouble with pensionitis is that it makes a pension not an end reward but the actual goal of life.

Advent Vesper Service Set In Oregon

OREGON—Advent Vesper Service will be held Sunday afternoon beginning at 3 p.m. in the Presbyterian Church when more than 50 voices from the Oregon Protestant Churches will join in presenting the "Christmas Oratorio" of Camille Saint-Saens, a French composer of the late nineteenth and early twentieth centuries.

This work is notable for the classic beauty and simplicity of its melodic structure. The text is taken largely from the first and second chapters of the Gospel according to St. Luke. The theme is one of great rejoicing for the gift of Christ in the lives of men.

The Oratorio includes five choruses, a trio, quartet and quintet, and air for the soprano voice.

It is comparably brief, requiring only 25 minutes for complete presentation.

The 50 voice chorus and the soloists are under the direction of William Thomas, Mrs. Gifford Wheeler is the organist who will accompany the Oratorio.

SIMILAR PROBLEM

MEMPHIS, Tenn. (AP)—A Memphis firm that markets a spray-can preparation to dry the sweaty palms of golfers has learned of a new use for its product.

It got a rush order recently. Not from a golfer, but from a blackjack dealer at Las Vegas.

Dear Ann:

By ANN LANDERS

Dear Ann Landers: The letter from "Over 70" referring to the tragedy of young unwed mothers caught my eye. I would like to comment on the tragedy of the very young WED mother.

During my recent confinement my husband shared the waiting room with four other expectant fathers. Three were 18 years old. The fourth was 20. Two were still in high school.

The girl who shared the labor room with me was 17. She was terrified and calling for her mother. How pathetic that these youngsters must face adult experiences totally unprepared. They have no resources to draw on. Some of them are not even full-grown physically. Emotionally they are children. Financially they are doomed to be members of the low income group because of limited education and no skills.

These kids, at 22, have been through the mill. Often they are bitter, disillusioned and fed up with the struggle. Although some young couples can boast of a successful early marriage they are the lucky ones. The unsuccessful and the unlucky are without number.

—OKLAHOMA MOTHER

Dear Mother: I've said it before and I'll say it again—marriage is not for kids.

Middle age is rough enough when it comes at 50, but when it comes at 25 it is indeed a tragedy.

Dear Ann Landers: Last year we loaned some money to our close friends. They were in a tight spot and we didn't have the heart to say no.

We are not wealthy people, but we live conservatively and manage to set aside a little out of every pay check. These people promised to pay us back at the rate of \$25 a month. We would not accept any interest.

For the first three months they paid the \$25, then the payments stopped. Now, almost four months have passed and we haven't even had a phone call from them. Apparently they are ashamed to face us.

It is sad that we have lost their friendship as a result of doing them a favor. It is also sad that we have lost several hundred dollars. We would appreciate it if you'd tell us how such matters should be handled in the future. —SPILLED MILK

Dear Spilled: This little verse tells the story well—your story and the story of a great many others.

I had some money and a friend. I loaned my money to my friend. I lost my money and my friend.

Dear Ann Landers: This is not an earth-shaking problem, but it is a house-shaking one. Can you help?

Our home is very close to the house next door. We share a common driveway. Every morning this couple

leaves for work before 7:00 a.m. That old jalopy of theirs almost throws us out of bed. It makes such a racket you'd think a Douglas bomber was taking off.

The people are friendly and pleasant and we don't want to get on bad terms with them. But something must be done about this car racket. We figure it is robbing us of about 12 hours of precious sleep per week.

What do you suggest?—SHOOK

Dear Shook: You don't want to buy these people a new car do you? Well, then, move the furniture around a little and sleep on the other side of the house.

Confidential to SOBER AS A JUDGE: Yeah? Judge Who? I don't buy it and I'm not surprised she didn't. Sorry but I can't support a yarn like yours.

Confidential to DON'T KNOW WHERE TO TURN: Turn to HIM and tell him to get off his high-class qualifications and get a job—ANY job. If he doesn't come through within a week, pack his clothes. (Copyright, 1962, Field Enterprises, Inc.)

Things Dixon Talked About

(From the files of The Dixon Evening Telegraph)

10 YEARS AGO
The first blanketing snow of the season fell on the Dixon area this morning and further snowfall forecast for this afternoon and tonight was expected to leave the area under 1 to 2 inches of white garb.

Munson, Gorman and Draper. These three members of this year's Dixon high school football team today drew major honors from their teammates at the annual fall sports letter assembly. Jack Munson, senior guard, and Jim Gorman, senior end, were named co-captains of the 1952 team that won four games, tied three and lost only one under Coach Don Barnhart. Kay Draper, a sprinting sophomore halfback, was named "most valuable player" and was presented The Dixon Evening Telegraph MVP Award by Hugh Hough, Telegraph sports editor. Munson and Gorman tied in the voting for team captain. Draper was a clear cut choice for MVP.

25 YEARS AGO
Miss Janet Hartzell, daughter of Mr. and Mrs. Mahlon Hartzell of Saginaw, Mich., formerly of Dixon, and a granddaughter of Mr. and Mrs. William Hartzell of Brinton Avenue, was elected Helen of Troy by 1,500 Saginaw High School students recently in a contest to select a queen to preside over the festivities at the annual homecoming celebration. Miss Hartzell will be remembered by many of the Dixon high school students, with whom she attended school before removing to Saginaw last summer.

Miss Elizabeth Fellows, a student of the foods' class in Ashton High School, planned, cooked and served dinner to the following guests: Mr. and Mrs. Emil Regin and family of Dixon, Mrs. Roxie Sowers and Peter Snyder of Dixon, Mr. and Mrs. Fred Hohlen of Rock Falls, also Miss Fellows' parents and brothers and sister. A very well planned two course goose dinner was served.

The dining room was decorated in orange and brown colors. The centerpiece of the table was an orange crepe horn of plenty with various types of fruit pouring from the horn on a mirror. This mirror reflected the colors very prettily. Much credit is due Miss Fellows and her teacher, Miss Sarah Gnagay of Milledgeville.

Paw Paw Loses 2nd Straight; Waterman Wins		
PAW PAW—The Paw Paw Bulldogs got their 1962-63 home season started on the wrong foot Friday as they went down to defeat before a strong Waterman team 53-46. It was the second defeat for the Bulldogs in as many outings.		

The Bulldogs were slow in starting, trailing 15 to 7 at the end of the first period, but came charging back in the second period to outscore Waterman 15 to 11. Paw Paw trailed 26 to 22 during the halftime intermission.		
The best that Paw Paw could do in the third period was stay even, as each team picked up 12 points during the quarter. Waterman turned on the steam in the final stanza, icing their victory with a 15 to 12 margin over the Bulldogs.		

Waterman's Sawyer was top man for the night, netting 15 points on six baskets and three free throws. Rueff and Ansteth each had 11 for the visiting Waterman ball club.		
The Bulldogs had two men in the double figure column, Mike Yenerich, who had 14 points and Roger Grinka, with 10.		

Waterman also won the preliminary game, 52 to 42.

Weather Forces Postponement of Davis Cup Meet		
MADRAS, India (P) — Monsoon weather today forced postponement until Sunday of the opening matches in the Davis Cup inter-zone tennis final between India and Mexico.		

Weather permitting, Antonio Palafox of Mexico and Joydeep Mukerjee of India clash here in the opening singles match Sunday.		
In the second match, Rafael Osuna of Mexico plays India's ace Ramana-		

th Krishnan.		

Old Archie Gets Vote for Governor		
SAN DIEGO, Calif. (P) — Boxer Archie Moore, who lives in San Diego County, got one write-in vote for governor in the Nov. 6 election, says the county registrar of voters.		

Ashton Loses To Stillman, 75-56, at Home		
ASHTON — Stillman Valley defeated Ashton's Aces 75-56 Friday night in a Route 72 Conference game. It was the first conference clash for both clubs.		

Stillman's cagers took the early lead in the tilt, leading at the end of the first quarter, 16-9. They added five more to their gap in the second period to lead at halftime, 39-27.		
After the intermission, Stillman outscored Ashton by seven in the third period and held on in the final period to win, 75-56.		

Rich Hamberg of Stillman Valley was the game's top scorer with 26 points on nine field goals and eight from the charity line. Bob Bultaus also of Stillman was second with 17 points on six field goals and five free throws.		
Don and Terry Greenfield were tops for the Aces with 15 and 12 points respectively.		

Ashton won the preliminary frosh-soph contest 46-43.		
The Aces will play Pecatonica Friday night at Pecatonica. Stillman will host Oregon tonight.

HEADED OFF—Dave Gambie of Sycamore isn't actually wearing a basketball as a head. It just looks that way as Gene Conley of the New York Knickerbockers steals the ball from him at New York's Madison Square Garden.

Nationally ranked Northern Illinois with record setting quarterback George Bork and unbeaten and untied Carthage College dominated the balloting for the 1962 National Association of Intercollegiate Athletics All-District 20 football team.

Northern quarterback George Bork, statistically the top passer in national collegiate grid annals, was unanimous choice for the All-District offensive unit, while Carthage end Dave Fink and middle guard Dick Snyder were unanimous defensive picks.

Carthage, 8-0 on the season, landed seven berths on the squad, Northern five.

Carthage tackle John Gavumik and halfback Erv Olson were just a vote shy of unanimous selection to the offensive unit, as were Northern tackle Lynn McCann, Illinois Wesleyan linebacker Art King, and Western Illinois halfback Chuck Trumpinski on the defense.

Ohio Drops 47-43 Loss To LaFayette

OHIO — A slow starting Ohio Bulldogs team, coupled with a cold fourth period spelled defeat for the Bulldogs as LaFayette etched out a 47 to 43 victory.

LaFayette's Appell put on a one man scoring show as he contributed 24 points to their totals.

Ohio, meanwhile, had a balanced scoring attack going for them, as Etheridge had 10, Blaine 9, and Farrell 8.

The Bulldogs were slow to catch fire as LaFayette moved to a 12 to 6 first period lead. Ohio came roaring back in the second period, outscoring LaFayette 19 to 14. But it was not enough as Ohio trailed at the half 26 to 25.

The visitors added two points to their margin in the third stanza, scoring 13 points and holding Ohio to 11.

Going into the final stanza, it was still anyone's ball game, but neither team could find the range. LaFayette marked up eight points and Ohio evened.

Ohio's bright spot of the evening was the junior varsity win, 33 to 29.

Middies Look for Fourth Straight

PHILADELPHIA (P)—Army and Navy meet in their traditional football game today with the Middies confident of stretching their winning streak over the Cadets to four straight and the West Pointers determined to turn the tide under new coach Paul Dietzel.

A crowd of some 100,000, including President Kennedy, is expected for this 63rd meeting of the service academies, a thrill packed series in which Army leads with 30 victories against 26 defeats. Five games ended in ties.

Neither of the academies has been a ball of fire this season. Army posting a 6-3 record against comparatively softer opposition, while Navy comes here with an undistinguished 4-5 mark. The odds-makers have established the nationally televised game as a toss-up.

Dietzel came to West Point as head coach from Louisiana State after Dale Hall was fired last year, apparently for his failure to beat Navy in three tries.

Army relies mainly on a strong defense that enabled the Cadets to beat such teams as ninth-ranked Penn State and Syracuse, both of which defeated Navy. If you're looking for a comparative score basis,

Walnut Loses Season Opener To Elmwood

ELMWOOD — Elmwood's Trojans defeated the Walnut Blue Raiders Friday night in a South Blackhawk Conference game 51-33. The contest was played on the Trojans' home floor. It was the opening game of the season for Walnut and the second test for Elmwood.

High point man honors for the game went to Wayne Harding and Dick Hamman with 13 points apiece. Harding had six field goals and one free throw while Hamman hit five from the floor and three from the charity stripe.

Glen Lauritzen was high for the losing Raiders with eight points on four field goals, Brooke Haurberg and Darrell Lauritzen were second high with six points apiece for Walnut.

Elmwood took the early lead in the contest and outscored Walnut by six in the opening period, 11-5. They added six more to their margin in the second period to lead at halftime, 24-12.

Walnut and Elmwood split in the third quarter with each squad scoring 13 but could not close the gap as the Trojans added six more to gap in the final period.

Elmwood's next game will be Dec. 7 at Wethersfield. Walnut will host Toulon next Friday for their second South Blackhawk game of the year.

School Club Has Meeting In Amboy

AMBOY — The Central School Parents and Teachers Club held its November meeting in the school cafeteria Wednesday evening. Don Donoho presided and a detailed report of the Fun Fair, sponsored as a fund raising project in October, was given by Mrs. Allison Blake.

The president appointed a committee to study needs in the school which the money earned in the Fair can be used to purchase. Named to this committee were: Mrs. Orval Spurlin, Mrs. Winston Edwards, Mrs. Doug Smith, Mrs. Howard Glenn and elementary supervisor, Robert Reinbothe.

Mrs. Burgard's second grade class received the attendance prize for having the most parents present. Mrs. Harold Hansen, program chairman, announced that the next meeting will be held on Dec. 19. There will be no business at this meeting as a special Christmas program will be presented.

Mrs. Orval Spurlin talked on home work and parent responsibility. She told the group that home work was not something assigned just to keep the students busy but was work that had not been completed in school time. She also gave some helpful hints to the parents on how to help their child achieve good study habits.

Leo Sellers, guidance counselor for the district, outlined the guidance and counseling program as carried out in the local schools. This part of the program included a question and answer period which brought out many interesting facts.

Elementary supervisor, Reinbothe, told of plans to evacuate the schools in case of an emergency and asked parent cooperation.

Refreshments were served by Mr. and Mrs. Winston Edwards, Mr. and Mrs. Doug Smith, Mr. and Mrs. Urban Zurlene, and Mr. and Mrs. Frank Dempsey.
